Terms of Consignment Contract: *Welcome to the fun way to shop and recycle!!*

Please call for an appointment prior to bringing in items for consignment unless you are living out of town. In this case, we ask that you please give us a call and let us know when you are arriving a couple of days ahead.

All items need to be freshly washed and on hangers. Clothes that are not freshly washed (within a week of bringing them in) may be returned. Even items that have been stored in garment bags, need to be washed, please. If you have a pet, please try to bring in clothes fur free! We love animals, but clothing with pet hair doesn't sell and we want to help you sell your pieces! We also ask that you not use fabric sprays.

Having clothes come in on hangers ensures that we can process your clothing quickly. If we need to steam everything, it takes much longer to get items out on the floor. You will get your hangers back and if you don't have enough, we will be happy to provide you with some. Winter sweaters don't need to be on hangers, but we appreciate them being neatly folded. We ask that clothing be in style and in season with the exception of bathing suits which we like to carry year round.

We accept 15 articles of clothing per appointment, not including accessories. We ask that you pick your best 15 so we can go through your clothing in a timely manner. Please don't bring us 30 items and ask us to sort through them as this slows down the process. This is important as we like to put out 40 to 50 new items per day to keep things fresh, new and exciting for our valued customers!

Upon receiving your articles, we will take a look at them to ensure cleanliness, and wear and tear. We will accept what we can and you may either have your items back or we will send them to a local charity. Sometimes we give them back simply because we are overstocked in particular items. You can always give us a call to see if we have too much of something before you come. This might save you time or help you decide on a different item to bring in if you have to make a choice.

Once we have looked over your clothing, we will price it at what we think it will sell for in our community. We will then put it on the floor for 8 weeks at that price and then offer it at 50% off for week 9 through 12. After that time period, if the items haven't sold, they will be given to a local charity. Due to limited space, we are unable to store unsold items, so you will not get them back. If there is something that you cherish and may want back if it doesn't sell, please don't give it to us! The store keeps 60% of sales and we pay out 40% to you. This is the industry standard.

Please know that we do our best to protect your clothing. Unfortunately we cannot be held responsible for damage and yes, unfortunately theft. These are hazards of all retail clothing. Thanks for choosing Pretty Natty Duds.
